Rainmakers Named to Inc. 5000 List of Fastest-Growing Private Companies in America

Washington DC - September 1, 2023 – Rainmakers Strategic Solutions, LLC (Rainmakers) has earned the rank of No. 3183 on the 2023 Inc. 5000 list of the fastest-growing private companies in America. Rainmakers attained another remarkable achievement: the ranking of #82 in the state of Arizona. The prestigious ranking provides a data-driven look at the most successful companies within the economy's most dynamic segment—its independent, entrepreneurial businesses.

"We are thrilled to be recognized by Inc. 5000," said Denise Rainey, President & CEO. "This recognition is a testament to our commitment to providing our clients with the highest-level services and solutions. We believe that our partnerships drive our success with other businesses, and we are proud to be part of such a vital ecosystem."

Rainmakers delivers value-added consulting services to government and commercial sectors. The company's innovative solutions have helped many businesses to improve their operations, reduce costs, and increase efficiency.

"We are grateful for our client's trust in us," said Ms. Rainey. "We will continue to work hard to provide the highest level of service to our clients and contribute to the success of their businesses."

The Inc. 5000 class of 2023 represents companies that have driven rapid revenue growth while navigating inflationary pressure, the rising costs of capital, and seemingly intractable hiring challenges. Among this year's top 500 companies, the average median three-year revenue growth rate ticked up to an astonishing 2,238 percent. In all, this year's Inc. 5000 companies have added 1,187,266 jobs to the economy over the past three years.

Being recognized on this list demonstrates that Rainmakers is a reliable and trusted partner for businesses across the government and commercial sectors and beyond.
