Rainmakers is Awarded CMS Medicare Learning Network Contract

Washington DC – [The Centers for Medicare & Medicaid Services \(CMS\)](#) has awarded Rainmakers Strategic Solutions, LLC (Rainmakers) a five-year contract to support the [Medicare Learning Network® \(MLN\)](#) Product Development and Quality Assurance Program contract for a second time. The MLN is CMS's primary source of on-demand health care provider training on Medicare benefits and policies, offering valuable and clearly presented information on often complex and highly technical topics. The MLN educates more than 2 million health care providers on their practice's compliance with Medicare systems and requirements on medical coverage, coding, billing, and reimbursement.

Medicare is a dynamic and complex program that supports more than 65 million beneficiaries. It is essential to the health, safety, and wellness of its beneficiaries that clinicians and front office staff remain current on Medicare benefits and policies.

"We are so excited that CMS chose Rainmakers for the second time to support the Medicare Learning Network®. We look forward to building on our past successful partnership with CMS and to continue to contribute to the growth and maturity of the MLN into the future. I am humbled that CMS trusts us to continue our support of this contract." said Denise Rainey, President & CEO of Rainmakers.
